CONVENTION OF STATE LEGION MAY BE HERE

Joplin Other City Mentioned for
Meeting—Will Not Make
Strong Bid, Is Re-
port.

LOCAL POST IS ACTIVE
Have Spread Propaganda Over
State Showing Why the
Conference Should
Be Here.

In all probability the state convention of the American Legion will be held at Columbia in September.

J. A. Douglas, local post commander, who returned last night from a meeting of post commanders and state officers at St. Louis, is optimistic over the prospects for bringing the convention here. According to Mr. Douglas, Joplin was the only other city mentioned as a possible place for the convention. Jack Williams, state commander, lives in Joplin and assured Mr. Douglas that Joplin would not make a strong bid for the convention. Williams is an old Missouri man, and is much interested in Columbia. He will be a candidate for the office of national commander at the next election.

SEND OUT BULLETINS

The local post is not relying on wishes alone to secure the convention, but is making a strong bid through circulars and letters explaining the merits of Columbia as a convention town. Mr. Douglas has sent every post in Missouri a copy of a specially prepared bulletin which gives reasons why the convention should be held here. The pamphlet has thirty-five pages devoted to a complete resume of the resources and advantages of the city. These bulletins were distributed to every member at the St. Louis meeting. Follow-up letters will be sent at stated intervals over the state by the Commercial Club and the Legion.

DISCUSS BOXING BILL

At the St. Louis meeting the American Legion boxing bill, which passed both houses of the Legislature and was later signed by Governor Hyde came up for discussion. Mr. Douglas said the officers decided to send the governor a letter thanking him for the help given them, but also intimating that they were so pleased with the veto of the bill. The bill will be re-drafted and introduced at the special session.

Another matter which claimed considerable attention at the meeting was the leadership drive. The American Legion in Missouri will undertake to raise its membership to fifty thousand before the national convention meets in Kansas City. The date for the national convention is October 30 and 31 and November 1 and 2.

90 IN GRADUATING CLASS

Rev. Haushalter to Give Final Sermon for Christian College.

The Rev. Walter M. Haushalter, pastor of the Christian Church, will preach the baccalaureate sermon to the graduating class of Christian College, President Edgar D. Lee announced today. The class this year will number about ninety young women.

Negotiations for a prominent eastern speaker to deliver the commencement address are now under way and President Lee expects to have a favorable answer to his invitation within a few days.

Commencement this year will come on June 1. Preceding it will be the usual school festivities including the junior class pageant, under the direction of Mrs. Marion Herwig, and the gold medal piano contest between Miss Mildred Shaffer, of Bolivar, Mo., and Miss Fay Whitney, of Granbury, Tex.

VETO POWERS EXPIRE TODAY

Gov. Hyde Expected to Sign Large Appropriation Bills.

The veto power of Governor Hyde expired today at noon, thirty days after the adjournment of the Legislature, and it was expected in Jefferson City today that the governor would sign a number of large appropriation bills which were passed by the Legislature.

All of these bills which Hyde failed to sign at noon today automatically became laws. Yesterday morning the governor still had forty bills yet to dispose of.

The heads of several departments have sent their written pledges to Hyde that they will not expend more than twenty-five per cent of their appropriation before July 1. The most important among the bills which were to be signed are the Civil Salaries bill, the Civil Sanitation bill, the deficiency bill, and the appropriation for state departments and institutions.

COLE COUNTY MAN ARRESTED

Charged With Forgery to the Amount of \$300.

Louis Smith of Cole County was arrested today by Ernest Rowland, chief of police, and is being held for the sheriff of Cole County on the charge of passing bad checks in Cole County to the amount of \$300. Rowland, who was formerly deputy warden at the Missouri State penitentiary, recognized Smith today as the one who was accused of forging the checks.

RECEIVERS ARE FORBIDDEN TO SLASH WAGES

Railway Labor Board's Decision Says All Roads Must Apply to It Before Salary Cuts.

SAFEGUARDS EMPLOYEES

Federal Court in Georgia Gave Permission to Reduce Payroll and Precipitated Ruling.

By United Press.

CHICAGO, April 21.—Neither railroads nor their receivers may arbitrarily slash wages according to a ruling of the United States Railway Labor Board handed down today.

The ruling was made in the decision of the case of the Atlanta, Birmingham & Atlantic Railroad. Several months ago the railroad requested permission of the board to cut the wages of its employees, but the action was protested by the employees. While the case was under the consideration of the board, the railroad went into the hands of receivers. The Federal Court of the Northern District of Georgia gave the receivers permission to cut the wages.

The board has ordered the receivers and the employees to get together and see if they can come to some agreement. The board announced that it would take no further action of the case until the court had decided or acceded to the request for a conference because it did not wish to raise the question of conflict of jurisdiction.

DOCTORS OBJECT TO BILL

Do Not Want Change in Requirements for Medical License.

The St. Louis Medical Society recently unanimously adopted a resolution in which it states its disapproval of the signing by Governor Hyde of a bill passed in the last Legislature in regard to the qualifications of students desiring to take the state medical examination. The society will lead a movement for a referendum of the bill, on the ground that it is not in accordance with the progress shown in the last twenty-five years by the Missouri Board of Health.

The bill in question changes the provision now in effect requiring candidates for medical license to be graduates of "reputable" schools to the requirement that they shall be graduates from "legally chartered" schools. The society takes the stand that this will take away from the board the power to determine the reputation of schools and will result in the licensing of graduates from certain specially favored schools.

TO BRING KNOX RESOLUTION UP

Peace With Central Powers Probably to Be Reported Monday.

By United Press.

WASHINGTON, April 21.—The Knox resolution declaring peace between the United States and the Central Powers probably will be reported to the Senate by the Foreign Relations Committee on Monday and brought up for debate in the Senate within a day or two after its reporting. This is the program of the Senate leaders.

The committee today considered the resolution with a view to making it legally "air tight," and Senator Knox, after the committee conference, which was described as wholly amicable, was directed to redraft the provision relating to Austria to make it specific with regard to Austrian property held by the United States.

KLASS RECEIVES TESTIMONY

Figures Show Need of Municipal Gas Plant, He Says.

Copies of the testimony taken in the gas rate hearing held here April 13 have been received by Percy M. Klass. In reading over the testimony Mr. Klass finds the following figures: Last year the total income from the gas plant was \$35,272.58. The net income with everything charged off for expenses was \$4,851. The income for 1921 with a \$2 rate would be \$46,634.58, or an increase of \$11,362, making a total net income of \$16,213.

"This is the sum," said Mr. Klass, "that the consumers in Columbia would have to pay to the gas company above their expenses. There is no reason why this money should be given to a gas company which is not giving adequate service and whose gas is poor in quality and quantity. The citizens of Columbia should reap the benefit of these figures and they can do it by making the plant a municipally-run utility."

WILL DISCUSS DISARMAMENT

With Harding's Approval, Question Will Be Considered Next Week.

By United Press.

WASHINGTON, April 21.—With the approval of President Harding, hearings on the question of disarmament will be started by the House foreign affairs committee next week. Chairman Porter announced today after a conference of Republican members of the committee.

Plans are to ask Secretary of State Hughes, Secretary of War Weeks, Secretary of the Navy Denby and Secretary of Commerce Hoover to appear and give their views.

BRIDGE FUND GOAL IN SIGHT

With Reports Still to Be Turned in, Booneville Has Raised \$245,000.

Stock subscriptions for the erection of a bridge across the Missouri river at Booneville totaled \$245,000 yesterday, with a number of teams in the city yet to be heard from and with no report in from Cal. T. A. Johnston and A. H. Meyer, president of the chamber of commerce, who solicited subscriptions in Booneville yesterday.

The campaign will reach its climax today when those who are working on the proposition will meet at a luncheon and discuss the final details of the last day's soliciting for stock subscriptions. Following the luncheon, teams of business men already selected will go out to solicit in the twelve districts into which the town has been divided.

F. G. Losh, who will act as toastmaster at the luncheon today, has arranged with Dr. Paul Linn, of Central State Teachers' College at Fayette, to give the principal speech. Short speeches will be made by Colonel Johnson and Judge S. S. Harte.

The high school girls' quartet of Booneville, composed of the Misses Hazel Hall, Earline Roberts, Opal Holloman and Virginia Rodgers, will sing during the first part of the program at the luncheon. Miss Leona Stoner will act as accompanist.

FORTNIGHTLY CLUB ELECTS

Mrs. H. L. Kempster Is Elected Chairman for Next Year.

The Fortnightly Club elected the following officers for the coming year at the business meeting which was held at Read Hall yesterday afternoon: Chairman, Mrs. H. L. Kempster; vice-chairman, Mrs. J. E. Wrench; secretary, Mrs. S. A. Jeffers; treasurer, Mrs. E. B. Branson; director, Mrs. J. S. Anderson. The two directors of last year who will continue in office are Mrs. Walter Miller and Mrs. John Pickard.

Mrs. J. E. Wrench and Mrs. Jonas Viles were elected as delegates, with Mrs. E. B. Branson as alternate, to the biennial state convention of the Federation of Women's Clubs which will be held in Springfield May 10 to 13. Mrs. F. F. Stephens, who is a representative on the state board will also attend the meeting, as will Mrs. C. W. Greene who is on the program of the convention.

DENIED LOAN, SHOTS SELF

Son of Michael Cuhady, Kansas City Packet, Commits Suicide.

HOLLYWOOD, Cal., April 21.—After failing to obtain a \$100,000 loan from a Chicago bank, John P. ("Handsome Jack") Cuhady, son of the late Michael Cuhady, millionaire packer, killed himself with a shotgun today.

It is believed by the police that the failure to get the loan was the culmination of difficulties which brought about the suicide. Cuhady had been under the care of physicians for more than a year, following a nervous breakdown while in the army.

Only two patients were admitted to the hospital yesterday. Almer Schubert and Harold Clark, a student, is suffering from an infected hand. He injured it while playing baseball.

PERSHING WILL HEAD NEW WAR HEADQUARTERS

Reorganization Places Him in Charge of Department to Insure Quick Protection.

FRENCH PLAN SIMILAR

Statement by Secretary Weeks Creates a Skeletonized Military Power in Time of Peace.

By United Press.

WASHINGTON, April 21.—Secretary of War Weeks today announced that General Pershing would be placed in charge of "general headquarters" of the United States Army.

Weeks' statement said that it was proposed to maintain during peace a skeletonized headquarters for the purpose of instantly putting into action military operations in case of war. It said that details would be given out later but that Pershing would be in charge of the headquarters.

He said that before the war Joffre had been put in charge of the French army and had prepared a skeletonized headquarters that was immediately ready for action when war was declared. Details of the American plan were more difficult to work out due to the wording of our laws. However, the plan is to be carried through as rapidly as possible.

The statement also said that the chief of staff would still have the same duties as now and that that office would not be affected by the new plan.

In speaking of the general headquarters he said: "It will be ready in peace for action in case of war."

WOMEN'S COUNCIL TO MEET

Tracing Ancestry of Noted Men Is This Man's Hobby

It is not often that a boy's hobby becomes his life work but Frank Best of Chicago has made this his life work. He is a collector of old books that are the culmination of a childhood fancy. Mr. Best is in Columbia this spring—as he has been every spring for the last twenty-five years—to publish an annual dealing with the records and genealogy of trotting and pacing horses during 1920.

Mr. Best began bringing the book to Columbia for publication twenty-five years ago. He does most of the writing of the book himself and he says that this may be the last year it will be printed as interest in horses is at low ebb and help is scarce.

Publishing trotting and pacing records is Mr. Best's business. His hobby is perhaps even more slow and painstaking. Since he was a boy Mr. Best has been interested in the ancestry of the famous men of the United States. "I started the work years ago when I was a boy on the farm," he said. Today he has typewritten manuscript for thirty-five volumes and expects to finish seventy-five before he quits.

Mr. Best started in with the United States senators. He went back as far as the first Continental Congress and began to trace its members' ancestry back to the old countries and down to the present time. Between that time and the present he has covered the families of all the senators, the presidents and vice-presidents of the United States and the

judges of the Supreme Court. Now he is ready to start on the governors of all the states.

Practically every bookstore in the East knows Mr. Best and is on the look-out for old books that might be of some interest to him in his study. Many times he finds old woodcuts of prominent men through old books and obtains them very cheaply. He has already gathered photographs and autographs of hundreds of them.

As to the ultimate result of his work, Mr. Best is uncertain. "I doubt whether it will ever be printed," he said. "There is so much of it and it would cost so much to publish it. Then, too, there would not be much general interest in a book of that kind."

"My only hope of getting it published is that I may run on to a millionaire some day who will be willing to finance the thing. I once knew a man who spent \$50,000 collecting cigar stubs smoked by famous men and I may someday run across a man with the same hobby that I have."

Mr. Best says that after he finishes with his work this spring he intends to go on writing the history of the governors, which will occupy some forty-odd volumes. He has decided to let the members of the House of Representatives alone even though he has already picked up data on 8,000 of them during his researches. Seventy-five volumes, he says, will be enough.

NIGHT KILLER STRIKES AGAIN

Mysterious Thug of Dallas Clubs to Death Two More Victims.

By United Press.

DALLAS, April 21.—A club-wielding prowler who has been attacking people in their sleep, and eluding the efforts of police and possees to capture him, claimed two more victims last night.

He climbed through a window in the home of Russell Shively and with a 2-by-4 scantling crushed in the head of both Mr. and Mrs. Shively. A baby in a bed beside its mother was untouched. The prowler slipped away.

Eleven autos of policemen and firemen who were not on duty searched the city for hours but no trace could be found.

OIL SYNDICATES LEASE LAND

Vicinity of Rocheport and Booneville Will Be Drilled Soon.

Two new oil syndicates, one from Texas and the other from Oklahoma, are in the Boone County field this week and are leasing land in the vicinity of Rocheport, according to a Columbia real estate dealer, who is interested in the development of the oil prospects in this section of the state. They endeavored to lease some land from Eliza Coats of Rocheport, but he had already leased his land to H. V. Daugherty, another oil operator.

One oil rig, which had been shipped to New Franklin, has been taken from there to about five miles southwest of Fayette and is now being set up. Another rig is being set up southeast of Fayette.

H. V. Daugherty has moved his rig to the Woodlandville vicinity and is setting up this week. He expects to begin drilling by the first of May. According to the Colorado geologists who made a survey for Daugherty, the northeast, northeast and southeast portions of the county show the greatest likelihood of becoming a productive oil and gas field.

Leasing has been most active in the Western part of the county. Approximately 15,000 acres have been leased so far in Boone County and between 40,000 and 50,000 acres in Howard County, it is said.

The oil boom is continuing in three counties, Boone, Howard and Cooper being the site for immediate prospecting and drilling activity says the Booneville Republican. Representative Eagle of the Roxana Syndicate and Leasing Company is expected to arrive in Columbia soon and open offices for the company here.

H. V. Daugherty of the Roxana Company, who is making his headquarters at Booneville. His equipment has been unloaded at Rocheport and he states drilling will begin immediately. A deal has been closed whereby the Roxana company absorbed the Boone and Empire leasing companies which now gives the Roxana rights on 5,000 acres of land instead of 2,500 and seventy-five per cent of all prospective production in Boone County instead of twenty-five per cent.

CAR SKIDS INTO LIGHT POST

Gilbert Ritter and Companion Unhurt—Slight Damage to Car.

A car, belonging to Frederick Ritter, 713 Missouri avenue, and driven by his son, Gilbert J. Ritter, a student in the University, skidded and ran into an electric light post this morning in turning from Missouri avenue into Collins street. Both Ritter and his companion, Charles E. Jackson, escaped injury. The only damage done was the wrecking of the left rear wheel of the car.

By United Press.

WASHINGTON, April 21.—Charles S. Marvin of this city was reappointed today by President Harding to be the chief of the Weather Bureau.

BILL HAYWOOD, I. W. W. CHIEF, HAS FLED U. S.

Was Under Sentence of Twenty Years' Imprisonment for Violation of Espionage Act.

SAID TO BE IN RUSSIA

Associates in This Country Resent Leader's Flight—Call It Cowardly Desertion.

By United Press.

CHICAGO, April 21.—Charles F. Clynne, United States district attorney, today started a nation-wide search for "Big Bill" Haywood, who is under sentence of twenty years for violation of the Espionage Law.

According to reports received by Clynne, Haywood has arrived at Riga, Russia, a fugitive from the United States. Clynne refused to reveal the source of his information but said that according to his advisers Haywood left this country several weeks ago on the Oceanic.

Clynne wired today to all the federal operatives throughout the country to start a search for Haywood.

It is thought that someone secured a passport for Haywood or that he left this country under an assumed name. Clynne today called several I. W. W.'s to his office and questioned them as to the whereabouts of their former leader but none of them knew anything about him.

Word was received from Fort Leavenworth, where he was reported to have given himself up yesterday, that he had not arrived there.

Otto Christian, attorney for Haywood and the twenty other I. W. W.'s who were sentenced from one to twenty years in the federal penitentiary for violation of the Espionage Act, was called to Clynne's office here today and questioned, but he said that he did not know where Haywood was. He said that the last time he heard from Haywood was on March 21, but that he had received word from New York that Haywood had reached Riga. He said that the news he had received was "unofficial" but had "appeared" to have come from a "reliable" source
